

HCRL2500 Hot/Cold Roll Laminator

Our versatile HCRL25 25 inch laminator is a high-quality, tabletop roll laminator that is able to laminate, encapsulate, and mount full-color digital output by using films that are up to 10-mil thick. The EBM HRCL25 Roll Laminator can accommodate documents up to 25" wide, and the roller gap adjustment knob allows you mount boards up to 1/4". The LCD display indicates the temperature, speed, and ready/wait condition. The silicone-rubber rollers ensure even heat distribution, provide quality sealing without scratches, and are easy to clean.

Features:

- Microprocessor controlled
- Hot Roller heating technology
- Hot and cold laminating to meet all of your needs
- Digital Display
- Adjustable laminating speed
- Adjustable temperature control
- Reverse function
- Mandrel film tension control
